

My Jaded Soul

Dana Robertson, SCA-Clari ce Roan, July 2006

A young girl loves with open heart
until Deception plays its part
lies from knaves did take their toll
Young Love eludes my jaded soul .

A carefree girl I used to be
with boundless mirth and energy
to be nymph-like was my goal
Young Love eludes my jaded soul .

I wish to love with carefree heart
to trust in love would be a start
my happy heart was split from whole
Young Love eludes my jaded soul .

I now have found the joy I knew
I love my lord, he loves me too
a wiser Love is now my goal
Young Love eludes my jaded soul .
